Old Fenner Store Burned—Less on L'Heureux Property \$2,000, Insur-ance \$700—Fire Department Does

The alarm of fire given by the Slater mill bell and then by the Baptist church bell, at three o'clock Tuesday morning, aroused the entire borough. Herman Guillotte heard the crackling of flames in the old Fenner store building in the rear of L'Heureux's brick block, and aroused the blazing flercely, but in an incredibly short time after the bell alarms, the members of the hose company arrived and nad three streams of water playing on the fire. The fire was under great headway and in one of the worst places in town, as other water playing on the fire. The fire was under great headway and in one of the worst places in town, as other small wooden buildings were in close proximity; but in half an hour under the direction of Foreman John C. Delaney, the fire was out, with only the two buildings burned, notwithstanding the fact that another wooden building stood only a few yards away. The heat was so intense on the L'Heureux brick block that the curtains inside the closed windows were scorched and every win low pane on the two upper storks is cracked. The cinders flew in every direction, even as far as Lisbon bridge, although there was little wind and the buildings were low. Howsehold goods belenging to Victor L'Heureux, Jr., were stored in the building, and were a total loss. George Gorman had recently moved his plurching tools to this building for storage but a number of them were not damaged. Mr. L'Heureux said the loss would be about \$2,000, with an insurance of \$700. The Fenner store was one of the most ancient buildings in the town, the older residents remembering back sixty years, and it was an cld building even them. Droll stories are brought to mind with regard to transactions in the store, and tricks played by the younger set of that day. The fire company was praised on all sides fer the expeditous and efficacious manner in which they handled the situation, which needed quick thought

Anty Drudge Dries Miss Prettygirl's Tears.

Anty Drudge-"Why, what's the matter, dear? What are you crying about?"

Miss Prettygirl-"Oh, my beautiful new waist is ruined and it just makes me sick. That clumsy Will Johnson upset a plate of refreshments on it last night at

the party, and spoiled all my fun."

Anty Drudge-"And his, too, I'll warrant. But dry your eyes, dear. It was all an accident, no doubt, but you feel so badly that you have to blame someone. Now if you had only known of Fels-Naptha you could have passed it off as a joke, enjoyed yourself and spared Will an uncomfortable time."

There's a right way and a wrong way to do everything.

And there is a new way and an old way to do almost everything.

The new way to wash clothes is the Fels-Naptha way-in cool or lukewarm water, no boiling, either in winter or summer, and little rubbing.

And the Fels-Naptha is the right way as well-saves time, saves the back, saves fuel, and the wash comes out cleaner, sweeter, whiter. It is up to you to choose between the

new and the old, the right and the wrong way of doing your washing. Simple directions for washing and other household cleaning are printed on

the inside of the red and green wrapper.
